WHAT IS IB DP? - The International Baccalaureate® (IB) Diploma Programme (DP) –

You are able to reach at information about IB Diploma Programme and the official web site by clicking [this link](#), easily! Shortly, IB DP (The International Baccalaureate® (IB) Diploma Programme (DP) is a baccalaureate programme which is available for international students at the age of between 16 – 19 years. The baccalaureate programme, that is to be taken as a pre- university education programme such as lyceum, has also accreditation around all over the world.

The International Baccalaureate® (IB) Organization, which is a non-profit one, has been founded in 1986 at Geneva. The mission of the organization is not only supplying education programmes and internationally valid certifications but also creating a better world by doing so. In more details, the aim of the organisation is to educate the leaders of future by developing their; rational, emotional, social and individual skills via 4 different education group programmes. So, the students do gain qualifications they need in a fast growing and changing global world.

The IB DP programme has been going on creating leaders of future by the help of certificated education programme instructors who are located in various schools in all over the world. The programme has representatives in three Global Centres, The Hague, Bethesda and Singapore; and the Foundation Office in Geneva; the Assessment Centre in Cardiff; and another office in Buenos Aires.

All of the schools and educators within the programme are selected specially according to their passion for student development and the quality of their academic content which they serve. Number of these representative schools is more than 4.000; total number of educators is more than 70.000, so the programme keeps creating value for more than 1.000.000 students, right now!

The validity or accreditation of IB Diploma Programme is accepted by more than 129 different countries and their ministry of education offices, formally. Moreover, the quality of the content is so reputable that it is seen to be a sign of excellence! The formal education process of the programme in Turkey is same as the lyceum which takes only 2 years' time within formal 4 years lyceum education process. IB DP is one of the first class diploma programmes that is highly respected and valued by all universities from all around the world. Mostly reputable universities are included!

HOW CAN I ATTEND TO THE PROGRAMME?

If you would like to create a chance for your children to be graduated from an international diploma programme, just do apply! Recently, there have been more than 10 representative schools that 11 of them are located in Istanbul, 3 of them are in Ankara (Capital city of Turkey) and one of them is in Tarsus right now, in Turkey! The whole IB Diploma Programme curriculum is prepared in a line with The Ministry of National Education of Turkey and valid system of that.

WHAT ARE THE ADVANTAGES OF IB DIPLOMA?

- The student gains 2 diplomas. (One lyceum diploma from Turkey and the IB Diploma)
- IB Diploma is a reputable one that is to be approved by mostly reputable universities all around the world.
- IB Diploma graduates do represent their own countries and the schools like a brand ambassador after they go abroad for university education.
- All of IB Diploma educators do attend various international training programmes and they also share their all experiences with the students and the representative schools. So, they share the vision!
